# Review report on the condensed consolidated interim financial information to the Board of Directors of Invest bank P.S.C.

## Introduction

We have reviewed the accompanying condensed consolidated interim financial information consisting of the condensed consolidated interim statement of financial position of Invest bank P.S.C. ("the Bank") and its subsidiary (together referred to as "the Group") as at 30 June 2021 and the related condensed consolidated interim statements of profit or loss and comprehensive income for the three-month and six-month period then ended and the condensed consolidated statements of changes in equity and cash flows for the six-month period then ended and other explanatory notes. The directors are responsible for the preparation and presentation of the condensed consolidated interim financial information in accordance with International Accounting Standard 34 – Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

## Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity." A review of the condensed consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Emphasis of matter

We draw attention to note 4 of the condensed consolidated financial information which states that the Bank is dependent on the ongoing support of the Central Bank of the United Arab Emirates and the Government of Sharjah in managing its liquidity requirements. We also draw attention to note 15 which states that as at 30 June 2021, the Bank was below the minimum regulatory Capital Adequacy Ratio ("CAR") of 11.5% and is focusing on a number of initiatives to manage its CAR.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting".

\* Non-cash transactions

As disclosed in note 8.1, as a result of the transaction relating to the purchase of Government of Sharjah sukuks, AED 1.25 billion of the investment was recorded against loans in the amount of AED250 million and customer deposit in the amount of AED 1 billion from Government of Sharjah. This transaction is considered as a non-cash transaction.

## **Invest bank P.S.C.**

### **Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2021**

#### **1 Legal status and activities**

Invest bank P.S.C. ("Invest bank" or "the Bank") is a public shareholding company with limited liability which was incorporated in 1975 by an Emiri Decree issued by His Highness Dr. Sheikh Sultan Bin Mohammed Al Qassimi, Ruler of Sharjah. The registered address of the Bank is at Al Zahra Street, P.O.Box 1885, Sharjah, United Arab Emirates ("UAE").

Invest bank is licensed by the Central Bank of the UAE (the "CB UAE") to carry out banking activities and is principally engaged in the business of corporate and retail banking through its network of branches located in the Emirate of Sharjah, Dubai and Abu Dhabi. Invest bank also carries out banking activities through its branch ("the branch") in Beirut, Lebanon licensed by Banque Du Liban (the "CB Lebanon"). The Bank's shares are listed on the Abu Dhabi Securities Exchange ("ADX").

The Bank has a fully owned subsidiary, ALFA Financial Services FZE with limited liability status in the Sharjah Airport International Free Zone to provide support services to the Bank.

Federal Decree Law No. 26 of 2020 which amends certain provisions of Federal Law No. 2 of 2015 on Commercial Companies was issued on 27 September 2020 and the amendments came into effect on 2 January 2021. The Bank is in the process of reviewing the new provisions and will apply the requirements thereof no later than one year from the date on which the amendments came into effect.

The consolidated financial statements as at and for the six-month period ended 30 June 2021 comprise the Bank and its subsidiary (together referred to as "the Group").

#### **2 Basis of preparation**

##### *(a) Statement of compliance*

This condensed consolidated interim financial information has been prepared on the historical cost basis except for the measurement of certain investment securities and repossessed properties at fair value.

This condensed consolidated interim financial information has been prepared in accordance with International Accounting Standards (IAS) 34 "Interim Financial Reporting" and applicable laws of the UAE. It does not include all of the information required for full annual financial statements, and should be read in conjunction with the audited consolidated financial statements of the Group as at and for the year ended 31 December 2020, which has been prepared in accordance with International Financial Reporting Standards ("IFRS").

##### *(b) Hyperinflation*

The Lebanese economy has been recognised in 2020 as a hyperinflationary economy, the three year cumulative inflation rate at the end of November 2020 having exceeded 100%. IAS 29 'Financial reporting in hyperinflationary economies' is, therefore, applicable to the operations of the Bank's Lebanon branch for the current period. IAS 29 requires financial statements, including comparative information, to be restated in terms of a measuring unit current at the end of the reporting period. The restatement is made using the change in a general price index.

## Invest bank P.S.C.

### Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2021 (continued)

#### 2 Basis of preparation (continued)

##### (b) *Hyperinflation* (continued)

The financial information relating to the Lebanon branch and included in these financial statements has been prepared under the historical cost basis and has not been restated as required by IAS 29, on grounds of materiality.

##### (c) *Functional and presentation currency*

This condensed consolidated interim financial information has been presented in United Arab Emirates Dirhams (AED) rounded to the nearest thousand, which is the Group's functional and presentation currency.

##### (d) *Consolidation*

The condensed consolidated financial information incorporates the condensed consolidated interim financial information of Invest bank P.S.C. and its subsidiary (collectively referred to as "Group").

##### (i) *Subsidiaries*

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group.

##### (ii) *Transactions eliminated on consolidation*

Intra-group balances and income and expenses (except for foreign currency transaction gains or losses) arising from intra-group transactions, are eliminated in preparing the condensed consolidated interim financial information. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

##### (e) *Use of estimates and judgments*

The preparation of the condensed consolidated interim financial information in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

Significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the condensed consolidated interim financial information are described as follows:

## Invest bank P.S.C.

### Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2021 (continued)

#### 2 Basis of preparation (continued)

##### (e) Use of estimates and judgments (continued)

##### (i) Classification of financial assets

In accordance with IFRS 9, the Group classifies its financial assets based on the assessments of the business models in which the assets are held at a portfolio level and whether cash flows generated by assets constitute solely payments of principal and interest ("SPPI"). This requires significant judgement in evaluating how the Group manages its business model and on whether or not a contractual clause in all debt instruments of a certain type breaches SPPI and results in a material portfolio being recorded at fair value through profit or loss ("FVTPL").

##### (ii) Measurement of the expected credit loss allowance

The measurement of the expected credit loss ("ECL") allowance for financial assets measured at amortised cost and fair value through other comprehensive income ("FVOCI") is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behavior (e.g. the likelihood of customers defaulting and the resulting losses).

A number of significant judgements are also required in applying the accounting requirements for measuring ECL, such as:

- Determining the criteria for significant increase in credit risk ("SICR");
- Determining the criteria and definition of default;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward - looking scenarios for each type of product/market and the associated ECL; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

##### (iii) Fair value of derivatives and unquoted securities

The fair values of financial instruments that are not quoted in active markets are determined by using valuation techniques. Where valuation techniques (such as models) are used to determine fair values, these are tested before they are used and models are calibrated to ensure that outputs reflect actual data and comparative market prices. To the extent practical, models use only observable data, however areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions about these factors could affect reported fair values of financial instruments.

##### (iv) Repossessed properties

The fair value of repossessed properties were determined by external, independent property valuers, having appropriately recognised professional qualifications and recent experience in the location and category of the property being valued. The independent valuers provide the fair value of the Group's repossessed properties portfolio annually.

**Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2021 (continued)**

**3 Application of other new and revised International Financial Reporting Standards (“IFRS”)**

**3.1 New and revised IFRSs applied with no material effect on the condensed consolidated interim financial information**

The following new and revised IFRS, which became effective for annual periods beginning on or after 1 January 2021, have been adopted in this interim financial information. The application of these revised IFRSs, except where stated, have not had any material impact on the amounts reported for the current and prior periods.

- **Amendments to IFRS 3** - This amendment revises the definition of a business. According to feedback received by the IASB, application of the current guidance is commonly thought to be too complex, and it results in too many transactions qualifying as business combinations.
- **Amendments to IAS 1 and IAS 8** - These amendments to IAS 1, ‘Presentation of financial statements’, and IAS 8, ‘Accounting policies, changes in accounting estimates and errors’, and consequential amendments to other IFRSs: i) use a consistent definition of materiality throughout IFRSs and the Conceptual Framework for Financial Reporting; ii) clarify the explanation of the definition of material; and iii) incorporate some of the guidance in IAS 1 about immaterial information.
- **Amendments to Conceptual framework** – The IASB has issued a revised Conceptual Framework which will be used in standard-setting decisions with immediate effect. Key changes include:
  - increasing the prominence of stewardship in the objective of financial reporting
  - reinstating prudence as a component of neutrality
  - defining a reporting entity, which may be a legal entity, or a portion of an entity
  - revising the definitions of an asset and a liability
  - removing the probability threshold for recognition and adding guidance on derecognition
  - adding guidance on different measurement basis, and
  - stating that profit or loss is the primary performance indicator and that, in principle, income and expenses in other comprehensive income should be recycled where this enhances the relevance or faithful representation of the financial statements.
- **Phase 2 amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 – interest rate benchmark (IBOR) reform** The Phase 2 amendments that were issued on 27 August 2020 address issues that arise from the implementation of the reforms, including the replacement of one benchmark with an alternative one. For instruments to which the amortised cost measurement applies, the amendments require entities, as a practical expedient, to account for a change in the basis for determining the contractual cash flows as a result of IBOR reform by updating the effective interest rate using the guidance in paragraph B5.4.5 of IFRS 9. As a result, no immediate gain or loss is recognised. This practical expedient applies only to such a change and only to the extent it is necessary as a direct consequence of IBOR reform, and the new basis is economically equivalent to the previous basis. Insurers applying the temporary exemption from IFRS 9 are also required to apply the same practical expedient. IFRS 16 was also amended to require lessees to use a similar practical expedient when accounting for lease modifications that change the basis for determining future lease payments as a result of IBOR reform (for example, where lease payments are indexed to an IBOR rate).

## Invest bank P.S.C.

### Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2021 (continued)

#### 3 Application of new and revised International Financial Reporting Standards (“IFRS”) (continued)

##### 3.2 New and revised IFRS in issue but not yet effective

###### *New and revised IFRSs*

*Effective for annual periods beginning on or after*

**IFRS 17 Insurance Contracts** – IFRS 17 requires insurance liabilities to be measured at a current fulfilment value and provides a more uniform measurement and presentation approach for all insurance contracts. These requirements are designed to achieve the goal of a consistent, principle-based accounting for insurance contracts. IFRS 17 supersedes IFRS 4 Insurance Contracts as of 1 January 2023.

1 January 2023

**Narrow-scope amendments to IFRS 3, IAS 16, IAS 17 and some annual improvements on IFRS 9 and IFRS 16** – Amendments to IFRS 3, ‘Business combinations’ update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations.

1 January 2022

Amendments to IAS 16, ‘Property, plant and equipment’ prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss.

Amendments to IAS 37, ‘Provisions, contingent liabilities and contingent assets’ specify which costs a company includes when assessing whether a contract will be loss-making.

Annual improvements make minor amendments to IFRS 9, ‘Financial instruments’, and the Illustrative Examples accompanying IFRS 16, ‘Leases’.

**Narrow scope amendments to IAS 1, Practice statement 2 and IAS 8** – 1 January 2023

The amendments aim to improve accounting policy disclosures and to help users of the financial statements to distinguish between changes in accounting estimates and changes in accounting policies.

**Amendment to IAS 12** – Deferred tax related to assets and liabilities arising from a single transaction- These amendments require companies to recognise deferred tax on transactions that, on initial recognition give rise to equal amounts of taxable and deductible temporary differences.

## **Invest bank P.S.C.**

### **Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2021 (continued)**

#### **3 Application of new and revised International Financial Reporting Standards (“IFRS”) (continued)**

Management anticipates that these new standards, interpretations and amendments will be adopted in the Group’s condensed consolidated interim financial information as and when they are applicable and adoption of these new standards, interpretations and amendments may have no material impact on the condensed consolidated interim financial information of the Group in the period of initial application.

##### **3.3 Financial risk management**

The Group’s financial risk management objectives, policies and procedures are consistent with those disclosed in the audited consolidated financial statements as at and for the year ended 31 December 2020.

#### **4 Recapitalization and liquidity**

##### Capitalisation

The Bank’s Capital Adequacy Ratio (“CAR”) was 10.84% at 30 June 2021, below the Central Bank of the UAE’s (“CBUAE”) regulatory minimum of 11.5%.

The Bank’s accumulated losses exceeded half of its capital as at 31 December 2020. As a result, a General Assembly Meeting was convened on 30 June 2021 which approved the Bank’s continuation in carrying out its activities. The Bank continues to pursue a strategy to resolve its current financial situation and define sustainable strategic solutions.

As the Bank’s majority shareholder, the Government of Sharjah continues to coordinate efforts to support the strengthening of the Bank’s capital base.

##### Liquidity

The Bank entered into a repurchase arrangement in the normal course of business with the CBUAE, collateralised by investments held in Government of Sharjah sukuks maturing on 23 March 2022, enabling the Bank to draw on AED 1.6B in liquidity support.

Moreover, the CBUAE had earlier made a public press announcement on 16 December 2018 and has reaffirmed that it will continue to provide support to the Bank through making available liquidity facilities.

The Bank continues to focus on a number of initiatives to manage its liquidity and deposit balances including the attraction and retention of deposits.

##### Going concern

Management believes that it is appropriate for the financial statements to be prepared on a going concern basis on the assumption that the facilities provided by the CBUAE as secured by the Sharjah Government sukuks will be renewed upon maturity in March 2022 or replaced by adequate facilities to enable the Bank to meet its financial obligations as and when they fall due.

#### 6 Cash and deposits with central banks

	30 June 2021 (un-audited) AED'000	31 December 2020 (audited) AED'000
Cash in hand	19,542	17,873
Deposits with central banks	1,439,349	405,578
Reserve requirements with the CB (refer note 6.1)	199,911	196,369
Less: Allowance for impairment (ECL) (refer note 6.2)	<u>(100,927)</u>	<u>(100,927)</u>
	<u>1,557,875</u>	<u>518,893</u>

The geographical concentration is as follow

- Within the U.A.E	1,400,607	365,610
- Outside the U.A.E	258,195	254,210
Less: Allowance for impairment (ECL) (refer note 6.2)	<u>(100,927)</u>	<u>(100,927)</u>
	<u>1,557,875</u>	<u>518,893</u>

6.1 Statutory reserve deposits are required to be maintained as per regulations of the Central Bank of the UAE and the Central Bank of Lebanon.

6.2 A +/-5% change in the allowance rate would result in a AED +/-12 million change in ECL.

#### 7 Due from banks

	30 June 2021 (un-audited) AED'000	31 December 2020 (audited) AED'000
Money market placements	70,000	70,000
Balances with other banks	73,668	95,317
Less: Allowance for impairment (ECL)	<u>(107)</u>	<u>(130)</u>
	<u>143,561</u>	<u>165,187</u>
The geographical concentration is as follow		
- Within the U.A.E	81,008	98,000
- Outside the U.A.E	62,660	67,317
Less: Allowance for impairment (ECL)	<u>(107)</u>	<u>(130)</u>
	<u>143,561</u>	<u>165,187</u>

#### 8 Investment securities

The details of investments are as follows:

	30 June 2021 (un-audited) AED'000	31 December 2020 (audited) AED'000
<b>Financial assets measured at fair value through profit or loss (FVTPL):</b>		
Investments in quoted equity securities	2,482	2,482
<b>Financial assets measured at fair value through other comprehensive income (FVTOCI)</b>		
Investments in quoted equity securities	9,215	9,669
Investments in un-quoted equity securities	1,080	467
<b>Financial assets at amortised cost:</b>		
Investments in debt securities (refer to note 8.1)	<u>2,000,000</u>	<u>110,190</u>
	<u>2,012,777</u>	<u>122,808</u>
Less: Allowance for impairment (ECL)	<u>-</u>	<u>(293)</u>
	<u>2,012,777</u>	<u>122,515</u>

8.1 In March 2021, the Bank entered into a repurchase arrangement with the CBUAE, collateralised by investments held in Government of Sharjah sukus amounting to AED 2 billion. This arrangement enabled the Bank to draw on AED 1.6 billion in liquidity support. This investment matures in March 2022. As at 31 December 2020: AED 110M of investments in debt securities were pledged under repurchase agreements with a bank.

Management has concluded that the expected credit loss on the investments held in Government of Sharjah sukus is inconsequential.

Issued capital and paid-up capital <i>3,180,982 thousand shares of AED 1 each</i> <i>(2020: 3,180,982 thousand shares of AED 1 each)</i>	<u>3,180,982</u>	<u>3,180,982</u>

#### Dividend

At the annual general meeting of the Bank held on 30 June 2021, no cash dividend was approved by the shareholders (2020: Nil).

#### Capital adequacy ratio

As per the Central bank regulation for Basel III, the capital requirement as at 30 June 2021 is 11.5% (31 December 2020: 11.5%) inclusive of the capital conservation buffer. As part of the CB UAE regulatory support announced in March 2020, conservation buffer has been reduced from 2.5% to 1%.

The bank must comply with the following minimum requirements:

- (i) CET1 must be at least 7% of risk weighted assets (RWA);
- (ii) Tier 1 capital must be at least 8.5% of risk weighted assets (RWA); and
- (iii) Total capital, excluding the capital conservation buffer, is calculated as the sum of Tier 1 capital and Tier 2 capital which must be at least 10.5% of risk weighted assets (RWA).

The capital adequacy ratio is computed based on circulars issued by the CBUAE as per Basel III.

### Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2021 (continued)

#### 15 Share capital (continued)

The Group's regulatory capital position was as follows:

	30 June 2021 (un-audited) AED'000	31 December 2020 (un-audited) AED'000
<b>Tier 1 Capital</b>		
Share capital	3,180,982	3,180,982
Share discount	(477,857)	(477,857)
Fair value reserve	(39,669)	(41,169)
Accumulated losses	<u>(1,773,713)</u>	<u>(1,805,577)</u>
<b>Total tier 1 capital</b>	<u>889,743</u>	<u>856,379</u>
<b>Tier 2 Capital</b>		
General provision	<u>106,424</u>	<u>104,361</u>
<b>Total tier 2 capital</b>	<u>106,424</u>	<u>104,361</u>
<b>Total regulatory capital</b>	<u>996,167</u>	<u>960,740</u>
<b>Key weighted assets</b>		
Credit risk	8,513,903	8,348,882
Market risk	49,794	32,390
Operational, risk	<u>625,363</u>	<u>1,005,239</u>
<b>Total risk weighted assets (RWA)</b>	<u>9,189,060</u>	<u>9,386,511</u>
<b>CET1 expressed as % of RWA</b>	9.68%	9.12%
<b>Total tier 1 capital expressed as % of RWA</b>	9.68%	9.12%
<b>Total tier 1 and tier 2 as a % of RWA</b>	10.84%	10.24%

As shown above, the Bank's total regulatory capital of 10.84% (2020: 10.24%) is less than the 11.5% required by the CBUAE regulations (inclusive of capital conservation buffer).

#### 16 Net impairment loss

	30 June 2021 (un-audited) AED'000	30 June 2020 (un-audited) AED'000
Impairment charge on loans and advances	110,960	165,043

Irrevocable commitments to extend credit	38,431	81,224
Foreign exchange and forward commitments	9,496	21,474
	<u>2,926,716</u>	<u>3,534,158</u>

#### 20 Impact of COVID-19

On 11 March 2020, the World Health Organisation ("WHO") officially declared COVID-19 a global pandemic. In light of the rapid spread of COVID-19 across the globe, various economies and sectors have faced significant disruptions and uncertainty as a result of measures taken by governments to contain or delay the spread of the virus. This note describes the impact of the outbreak on the Bank's operations and the significant estimates and judgements applied by management in assessing the values of assets and liabilities as at 30 June 2021.

In response to the COVID-19 outbreak, the Bank's risk management division identified the vulnerable sectors that are significantly impacted by this stressed situation, and reviews are being conducted on a more frequent basis. The existing corporate credit lines are being reviewed and the utilization is being closely monitored.

## Invest bank P.S.C.

### Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2021 (continued)

#### 20 Impact of COVID-19 (continued)

The Bank has been extra vigilant in underwriting to companies in the vulnerable sectors, especially for any New-to-Bank customers.

In addition to the above and as explained below, for clients benefitting from payment deferrals, the Bank has classified its customers into two Groups, Group 1 and Group 2, as required by the Joint Guidance issued in April 2020. The Bank has considered the following principles for the classification.

*Group 1: clients that are temporality and mildly impacted by the COVID-19 crisis.*

For these clients, the payment deferrals are believed to be effective and thus the economic value of the facilities is not expected to be materially affected. These clients are expected to face liquidity constraints without substantial changes in their creditworthiness.

For these clients, the Bank holds the view that, despite being subject to payment deferrals, there is insufficient deterioration in credit quality to trigger a stage migration. These clients will remain in their current stage, at least for the duration of the crisis, or their distress, whichever is the shorter. For instance, this would apply to industries that are expected to rapidly return to normal business conditions, once confinement policy decisions are over.

*Group 2: clients that are expected to be significantly impacted by COVID-19 in the long term.*

These clients are expected to face substantial changes in their creditworthiness beyond liquidity issues. For these clients, there is sufficient deterioration in credit risk to trigger a migration to stage 2, and this migration should take place.

Due to the possibility of a later economic rebound, these clients are not expected to migrate to IFRS 9 stage 3 based on their financial performance during the period of the crisis. In exceptional circumstances, such stage 3 migration can be triggered by liquidation/ bankruptcy caused by

- (i) non-financial events (such as fraud) or;
- (ii) significant disruptions threatening the long-term sustainability of the clients' business model.

Balance at 30 June 2021 (un-audited)	1,134	8,013	32,808	41,955

The Bank continues to monitor the creditworthiness of these clients, particularly indications of potential inability to pay any of their obligations as and when they become due.

The grouping decisions take into consideration the specific circumstances of clients in the context of the COVID-19 outbreak. The Bank has performed analyses by incorporating the following principles:

#### *For Corporate clients*

- (a) Grouping decisions are relied on a mixture of quantitative analysis and a judgmental approach based on the views of Risk management department of the Bank.
- (b) Grouping decisions are in line with IFRS 9 stages; relying on the assessment of credit risk over the lifetime of facilities. Hence the necessary distinction between clients that are impacted over the short term vs. long term is appropriately considered.
- (c) It is expected that clients will face a range of impact intensity and duration. Therefore, grouping will be achieved by establishing cut-offs based on judgments. Industries and sectors are used as a commonly accepted starting point for segmentation.
- (d) For clients to which the Bank has a material exposure, analyses are performed on a case-by-case basis. For clients with less material exposures, analyses are performed on a portfolio basis based on credit risk drivers, mainly industry, tenor and rating.
- (e) For the purpose of establishing priorities in this grouping exercise, the Bank has organized its portfolio by materiality and susceptibility to the crisis, and has started with the most material/susceptible segments.
- (f) The Bank has assessed if its clients have put in place appropriate measures to cope with the crisis, in particular, decisions related to the management of their cash position, inventories, fixed costs and financial costs.
- (g) Considerations related to parent/government guarantee and collateral is also included in the grouping decision, as such a decision should consider potential credit enhancement.
